**Cutters' Practical Guide to the Cutting of All Styles of Men's Garments, Coats, Waistcoats, Trousers, Breeches, Overcoats and Sports and Military Garments**  
 Frederick Robert Morris 1965  
*New York Magazine* 1980-09-08 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

**Rugged Style War--Rome** Andrea Ventura 2021-02-28 With their softened camouflage, sun-faded stencils, and well-worn insignia patches, this collection of more than 100 iconic WWII American military jackets will wow even the most hardcore connoisseurs and collectors. The cult-status jackets come from the collections of the authors, who are natives of Rome. This "eternal city," universally defined as one of the largest "open-air sets" in the world, provides evocative backdrops for some of the pieces. In glamour poses shot off the usual tourist routes, 30 models-for-a-day put a distinctive spin on the jackets, mixing and matching them with rugged outfits. Part of the appeal of vintage military jackets is that each piece tells the story of the life it lived. This manifesto of post-WWII style encourages us to see its charms with new eyes.

**Night Side of Dark** Caleb Pirtle III 2022-01-04 American operative Ambrose Lincoln has no idea where he is or has been or where he's going. He believes he has been to the night side of dark, a place of the first death, from which no one can return. So why does he find himself on the bomb-ruined landscape of Poland, or has he been exiled to the second death? Lincoln only realizes, if the man in the shadows has not lied to him, that he must find an ancient religious painting that has been missing for centuries. The German Gestapo will pay a fortune to buy it, or take a man's life to get it. The painting, if legend holds true, is the German hierarchy's final and only chance to escape the onslaught of the war that is crumbling around their feet.
