Misery Obscura: The Photography of Eerie Von (1981-2009)

Eerie Von 2015-05-27 From the deepest depths of punk rock's 1970s primordial wastelands, through the stygian goth swamps of the 1980s, and on into the bloodstained arenas of 1990s heavy metal, Eerie Von witnessed it all. Beginning as the unofficial photographer for punk legends The Misfits and later taking charge of the bass guitar as a founding member of underground pioneers Samhain and metal gods Danzig, the evil eye of Eerie Von's camera captured the dark heart of rock's most vital and bleeding-edge period, a time when rock and roll was not only dangerous, but downright menacing. Eerie Von's lens has documented everything from The Misfits' humble beginnings in Lodi, New Jersey, to the heights of Danzig's stadium-rock glory alongside metal superstars Metallica. As well as an essential visual document of music history, Eerie's road stories of triumph and damnation bring to life an era the likes of which will never again be seen.

Our Firemen Augustine E. Costello 1997 This early record recaptures the history and heroism that has always characterized the firefighters we rely on. Well known among fire enthusiasts and researchers, until now the

book has been rare and expensive for a well-preserved copy. Providing a detailed look back, beginning in 1609, it is a fascinating chronicle of a time gone by. 650 engravings illustrate the city when its skyline was much less vertical. This book is referred to as "the firefighter's bible" by many curators and has been a favorite of fire buffs for the last 110 years.

Rock Critic Law Michael Azerrad 2018-10-23 Straight out of his beloved Twitter feed @RockCriticLaw, acclaimed rock journalist and author of the classic books *Come As You Are: The Story of Nirvana* and *Our Band Could Be Your Life*, Michael Azerrad turns his trenchant eye to the art of rock writing itself, hilariously skewering 101 of the genre's seemingly endless litany of hackneyed phrases and tropes. One of the finest music writers today, Michael Azerrad has catalogued the shortcuts, lazy metaphors and uninspired prose that so many of his beloved colleagues all too regularly rely on to fill column inches. In 2014, he began his wickedly droll Twitter feed @RockCriticLaw to expose and make fun of this word-hash. Now, he consolidates these "Laws" into one witty, comprehensive and fully illustrated volume. *Rock Critic Law* includes timeless gems such as: If a band pioneered something, you must say they are "seminal." That is the Seminal Law of Rock Criticism. If a recording features densely layered guitars, then you MUST use the phrase "sonic cathedrals." Even when it's easy to find out with research, by all means ask a band how they got their name. Please feel free to deny an artist's individuality and say they are "the new [x]." If two guitars play a melodic line in harmony, you MUST say they are "twin lead guitars." All 101 Rock Critic

Laws are accompanied by original illustrations from Ed Fotheringham, beloved Seattle scenester and highly regarded artist who has created album covers for everyone from, well, seminal grunge band Mudhoney to iconic jazz label Verve Records, as well as illustrations for The Atlantic, Vanity Fair, The New Yorker and more, making this book a must-have for music lovers everywhere. A unique appreciation of music writing from one of its own, Rock Critic Law irreverently captures all the passion and furor of fandom.

The History of Wake Forest University Samuel Gladding 2016-03-21 Except for the removal of Wake Forest College to Winston-Salem, there has never been a more exciting or impactful time in the history of the institution than during the 22 years of the Hearn administration (1983-2005). In this era, Wake Forest went from a strong regional, Baptist-affiliated university to a top 30 national, independent, institution of higher education. It hosted two presidential debates, won four NCAA team and one individual athletic championships, produced nine Rhodes Scholars, raised over a billion dollars, started a divinity school, invested millions in the renovation of old and the construction of new buildings, increased the number and academic excellence of its faculty, brought in higher quality students, lowered its student/faculty ratio, had groups and individuals within it excel academically, athletically, and altruistically, and became more united. It grew slightly in size physically but more significantly it magnified its influence in the world and produced a bevy of leaders on all levels dedicated to making a positive and humanistic difference. This book traces the events that led to the explosive growth and influence of Wake Forest. At the

helm, guiding the university, was Thomas K. Hearn, Jr. He was a visionary and decisive leader whose strong will and high energy propelled the institution. With him, and even sometimes ahead of him, was a supporting cast of faculty, students, administrators and staff who were creative, innovative, but above all concerned with how to live and implement the university's motto: Pro Humanitate. Within these pages you will read how the transformation of Wake Forest occurred. It involved thousands of individuals and is one of the most amazing stories of institutional change ever. Each year in the process is documented with highlights on the people, decisions, and actions, that made the overall conversion possible.

Josie Underwood's Civil War Diary Josie Underwood
2009-03-20 A well-educated, outspoken member of a politically prominent family in Bowling Green, Kentucky, Josie Underwood (1840–1923) left behind one of the few intimate accounts of the Civil War written by a southern woman sympathetic to the Union. This vivid portrayal of the early years of the war begins several months before the first shots were fired on Fort Sumter in April 1861. "The Philistines are upon us," twenty-year-old Josie writes in her diary, leaving no question about the alarm she feels when Confederate soldiers occupy her once-peaceful town. Offering a unique perspective on the tensions between the Union and the Confederacy, Josie reveals that Kentucky was a hotbed of political and military action, particularly in her hometown of Bowling Green, known as the Gibraltar of the Confederacy. Located along important rail and water routes that were vital for shipping supplies in and out of the Confederacy, the city linked the upper South's trade and population centers and was strategically critical to both armies. Capturing the fright and frustration she

and her family experienced when Bowling Green served as the Confederate army's headquarters in the fall of 1861, Josie tells of soldiers who trampled fields, pilfered crops, burned fences, cut down trees, stole food, and invaded homes and businesses. In early 1862, Josie's outspoken Unionist father, Warner Underwood, was ordered to evacuate the family's Mount Air estate, which was later destroyed by occupying forces. Wartime hardships also strained relationships among Josie's family, neighbors, and friends, whose passionate beliefs about Lincoln, slavery, and Kentucky's secession divided them. Published for the first time, Josie Underwood's Civil War Diary interweaves firsthand descriptions of the political unrest of the day with detailed accounts of an active social life filled with travel, parties, and suitors. Bringing to life a Unionist, slave-owning young woman who opposed both Lincoln's policies and Kentucky's secession, the diary dramatically chronicles the physical and emotional traumas visited on Josie's family, community, and state during wartime.

Gossip in the First Decade of Victoria's Reign John Ashton
2015-09-02 King William the Fourth was as sincerely fond of his niece, Alexandrina Victoria, as he cordially detested her mother, and he earnestly hoped that she might obtain her majority, which took place on the 24th of May, 1837, before he died, for he had a horror of the Duchess of Kent having even the shadowy power of a Regent. Greville, in his Memoirs, writing on 23rd of May, says: "The King prayed that he might live till the Princess Victoria was of age, and he was very nearly dying just as the event arrived. He is better, but supposed to be in a very precarious state. There has been a fresh squabble between Windsor and Kensington about a proposed allowance to the Princess." The old

King lived but a very short time after the desired event, for he expired at 2.12 on the morning of the 20th of June, 1837, and how the sad news was broken to the young Sovereign may best be told in the words of that mine of anecdote, Miss Frances Williams Wynn, the daughter of Sir Watkin Williams Wynn (the fourth baronet): On Monday we were listening all day for the tolling of the bells, watching whether the guests were going to the Waterloo dinner at Apsley House. On Tuesday, at 2_ a.m., the scene closed, and in a very short time the Archbishop of Canterbury and Lord Conyngham, the Chamberlain, set out to announce the event to their young Sovereign. They reached Kensington Palace at about five; they knocked, they rang, they thumped for a considerable time before they could rouse the porter at the gates; they were again kept waiting in the courtyard, then turned into one of the lower rooms, where they seemed forgotten by everybody. They rang the bell, desiring that the attendant of the Princess Victoria might be sent to inform H.R.H. that they requested an audience on business of importance. After another delay, and another ringing to enquire the cause, the attendant was summoned, who stated that the Princess was in such a sweet sleep, she could not venture to disturb her. Then they said, We come to the Queen on business of State, and even her sleep must give way to that. It did; and, to prove that she did not keep them waiting, in a few minutes she came into the room in a loose white night-gown and shawl, her nightcap thrown off, and her hair falling upon her shoulders, her feet in slippers, tears in her eyes, but perfectly collected and dignified. Lord Melbourne was summoned to Kensington Palace by the Queen at 9 a.m., and a Privy Council was called for 11 a.m., but the notice was so

short that several of the Privy Councillors had no time to put on their official costume, and were obliged to attend in undress. Amongst others who made their appearance at Court in this novel fashion were the Duke of Cumberland (then, by the fact of the King's death, King of Hanover) and Lord Glenelg.
