Good In Bed
Jennifer Weiner
2008-09-04
From the bestselling author of In Her Shoes, All Fall Down and the forthcoming novel Who Do You Love, Good in Bed is a funny and tender story full of heart.
Cannie Shapiro never wanted to be famous. The smart, sharp, plus-sized reporter was perfectly happy writing about other people's lives for her local newspaper. And for the past twenty-eight years, things have been tripping along nicely for Cannie. Sure, her mother has come charging out of the closet, and her father has long since dropped out of her world. But she loves her job, her friends, her dog and her life. She loves her apartment and her commodious, quilt-lined bed. She has made a tenuous peace with her body and she even felt okay about ending her relationship with her boyfriend Bruce. But now this... 'Loving a larger woman is an act of courage in our world,' Bruce has written in a national woman's magazine. And Cannie - who never knew that Bruce saw her as a larger woman, or thought that loving her was an act of courage - is plunged into misery, and the most amazing year of her life.

The Last Policeman
Ben H. Winters
2012-07-10
"[The] weird, beautiful, unapologetically apocalyptic Last Policeman trilogy is one of my favorite mystery series."—John Green, author of The Fault in Our Stars and Paper Towns
Winner of the 2013 Edgar® Award Winner for Best Paperback Original! What's the point in solving murders if we're all going to die soon, anyway? Detective Hank Palace has faced this question ever since asteroid 2011GV1 hovered into view. There's no chance left. No hope. Just six precious months until impact. The Last Policeman presents a fascinating portrait of a pre-apocalyptic United States. The economy spirals downward while crops rot in the fields. Churches and synagogues are packed. People all over the world are walking off the job—but not Hank Palace. He's investigating a death by hanging in a city that sees a dozen suicides every week—except this one feels suspicious, and Palace is the only cop who cares. The first in a trilogy, The Last Policeman offers a mystery set on the brink of an apocalypse. As Palace's investigation plays out under the shadow of 2011GV1, we're confronted by hard questions way beyond "whodunit." What basis does civilization rest upon? What is life worth? What would any of us do, what would we really do, if our days were numbered? Ebook contains an excerpt from the anticipated second book in the trilogy, Countdown City.

Moonlight & Vines
Charles de Lint
2007-04-01
Familiar to Charles de Lint's ever-growing audience as the setting of the novels Memory & Dream, Trader, and Someplace To Be Flying, Newford is the quintessential North American city, tough and streetwise on the surface and rich with hidden magic for those who can see. Now de Lint returns to this extraordinary city for a third volume of short stories set there, including several never before published in book form. Here is enchantment under a streetlamp: the landscape of urban North America as only Charles de Lint can show it. "Blending Lovcraft's imagery, Dunsany's poetry, Carroll's surrealism, and Alice Hoffman's small-town strangeness," wrote Interzone on Dreams Underfoot, de Lint's Newford tales are "a haunting mixture of human warmth and cold inevitability, of lessons learned and prices to be paid." I Know Why the Caged Bird Sings
Maya Angelou
2010-07-21
Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. I know Why the Caged Bird Sings captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, I Know Why the Caged Bird Sings will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin from the Paperback edition.

The Day of the Triffids
John Wyndham
2022-04-19
The influential masterpiece of one of the twentieth century's most brilliant—and neglected—science fiction and horror writers, whom Stephen King called “the best writer of science fiction that England has ever produced.” “[Wyndham] avoids easy allegories and instead questions the relative values of the civilisation that has been lost, the literally blind terror of humanity in the face of dominant nature. . . . Frightening and powerful, Wyndham's vision remains an important allegory and a gripping story.”—The Guardian What if a meteor shower left most of the world blind—and humanity at the mercy of mysterious carnivorous plants? Bill Masen undergoes eye surgery and awakes the next morning in his hospital bed to find civilization collapsing. Wandering the city, he quickly realizes that surviving in this strange new world requires evading strangers and the seven-foot-tall plants known as triffids—plants that can walk and can kill a man with one quick lash of their poisonous stingers.

"The Travis McGee novels are among the finest works of fiction ever penned by an American author."—Jonathan Kellerman Carolyn Milligan was only aboard McGee's boat for one night. She came to drop off a hundred grand for safekeeping. What Carrie really needed was someone to keep her safe. She said she'd be back in a month. Instead Carrie is killed in a dubious roadside accident. Now McGee is left with a fortune—and a nagging conscience. So McGee takes a trip to the seedy little town of Bayside, Florida, to look into Carrie's life before she showed up on his boat. What McGee finds only pushes him further into the corrupt world of drugs and blood that Carrie was trying to escape. Dressing Modern Frenchwomen
Mary Lynn Stewart
2020-03-03
At a glance, high fashion and feminism seem unlikely partners. Between the First and Second World Wars, however, these forces combined femininity and modernity to create the new, modern French woman. In this engaging study, Mary Lynn Stewart reveals the fashion industry as an integral part of women's transition into modernity. Analyzing what female columnists in fashion magazines and popular women novelists wrote about the "new silhouette," Stewart shows how bourgeois women feminized the more severe, masculine images that elite designers promoted to create a hybrid form of modern that both emancipated women and celebrated their femininity. She delves into the intricacies of marketing the new clothes and the new image to middle-class women and examines the nuts and bolts of a changing industry—including textile production, relationships between suppliers and department stores, and privacy and intellectual property issues surrounding ready-to-wear couture designs. Dressing Modern Frenchwomen draws from thousands of magazine covers, advertisements, fashion columns, and features to uncover and untangle the fascinating relationships among the fashion industry, the development of modern marketing techniques, and the evolution of the modern woman as active, mobile, and liberated.

Five Feet Apart
Rachael Lippincott
2019-02-05
Now a major motion picture starring Cole Sprouse and Haley Lu Richardson! Goodreads Choice Winner, Best Young Adult Fiction of 2019 In this #1 New York Times bestselling novel that's perfect for fans of John Green's The Fault in Our Stars, two teens fall in love with just one minor complication—they can't get within a few feet of each other without risking their lives. Can you love someone you can never touch? Stella Grant likes to be in control—even though her totally out of control lungs have sent her in and out of the hospital most of her life. At this point, what Stella needs to control most is keeping herself away from anyone or anything that might pass along an infection and jeopardize the possibility of a lung transplant. Six feet apart. No exceptions. The only thing Will Newman wants to be in control of is getting out of this hospital. He couldn't care less about his treatments, or a fancy new clinical drug trial. Soon, he'll turn eighteen and then he'll be able to unplug all these machines and actually go see the world, not just its hospitals. Will's exactly what Stella needs to stay away from. If he so much as breathes on Stella she could lose her spot on the transplant list. Either one of them could die. The only way to stay alive is to stay apart. But suddenly six feet doesn't feel like safety. It feels like punishment. What if they could steal back just a little bit of the space their broken lungs have stolen from them? Would five feet apart really be so dangerous if it stops their hearts from breaking too?

Madeleine's Ghost Robert Girardi 1995 Ned Conti is a young historian struggling to piece together the miraculous past of a Brooklyn nun for a tiny stipend, while, at night, he grapples with the paranormal phenomena that have recently seized his rent-controlled apartment: furniture set askew, strange light haunting the bedroom, rocks appearing mysteriously in midair to pummel the floor. His only refuge is the F train and its connection to long Manhattan nights in East Village bars that he visits with his forlorn and eccentric friends. As the summer grows hotter and his apartment more threatening, a baffled but tolerant Ned sets out to uncover the secret behind the angry spirit and, in so doing, is drawn irretrievably into a world of desire and fate...where all around him lingers the dark dream of New Orleans, a place of magical disaster. Ten years before, he fled the Crescent City, never to return, when Antoinette, his true love, ended their brief but urgent affair. Now he's going back, returning to the past that has haunted him for a decade. In that city of sleepless energy and seething passion, he will encounter the world that connects his own to the next: where a restless ghost yearns for the touch that will set her free; where a saint seeks to correct her one mistake; and where disconnected souls long to be reunited. In the past, Ned will find his future. his destiny. Beautifully detailed and startlingly original, *Madeleine's Ghost* is written with contemporary sensibility and classic style, remarkable for its breadth and depth. This is an astonishing tale of past lives and lost loves, of history and hope, that establishes Robert Girardi as a wonderfully gifted novelist.

The Poisonwood Bible Barbara Kingsolver 2009-10-13 New York Times Bestseller • Finalist for the Pulitzer Prize • An Oprah's Book Club Selection "Powerful . . . [Kingsolver] has with infinitely steady hands worked the prickly threads of religion, politics, race, sin and redemption into a thing of terrible beauty." —Los Angeles Times Book Review The *Poisonwood Bible*, now celebrating its 25th anniversary, established

Barbara Kingsolver as one of the most thoughtful and daring of modern writers. Taking its place alongside the classic works of postcolonial literature, it is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in Africa. The story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it—from garden seeds to Scripture—is calamitously transformed on African soil. The novel is set against one of the most dramatic political chronicles of the twentieth century: the Congo's fight for independence from Belgium, the murder of its first elected prime minister, the CIA coup to install his replacement, and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy. Against this backdrop, Orleana Price reconstructs the story of her evangelist husband's part in the Western assault on Africa, a tale indelibly darkened by her own losses and unanswerable questions about her own culpability. Also narrating the story, by turns, are her four daughters—the teenaged Rachel; adolescent twins Leah and Adah; and Ruth May, a prescient five-year-old. These sharply observant girls, who arrive in the Congo with racial preconceptions forged in 1950s Georgia, will be marked in surprisingly different ways by their father's intractable mission, and by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of moral risk and personal responsibility.
