The Abbey of Paisley, from Its Foundation Till Its Dissolution J. Cameron Lees 2017-03-28 The Abbey of Paisley, from its Foundation Till its Dissolution - with notices of the subsequent history of the church and an appendix of illustrative documents is an unchanged, high-quality reprint of the original edition of 1878. Hansebooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future.

Green Logistics Alan McKinnon 2015-02-03 Leading the way in current thinking on environmental logistics, Green Logistics provides a unique insight on the environmental impacts of logistics and the actions that companies and governments can take to deal with them. It is written by leading researchers in the field and provides a comprehensive view of the subject for students, managers and policy-makers. Fully updated, the 3rd edition of Green Logistics has a more global perspective than previous editions. It introduces new contributors and international case studies that illustrate the impact of green logistics in practice. There is a new chapter on the links between green logistics and corporate social responsibility and a series of postscripts examining the effects of new developments, such as 3D printing, distribution by drone, the physical internet and the concept of peak freight. Other key topics examined include: carbon auditing of supply chains; transferring freight to greener transport modes; reducing the environmental impact of warehousing; improving the energy efficiency of freight transport; making city logistics more environmentally sustainable; reverse logistics for the management of waste; role of government in promoting sustainable logistics. The 3rd edition of Green Logistics includes indispensable online supporting materials, including graphics, tables, chapter summaries, and guidelines for lecturers.

Governance and Business Models for Sustainable Capitalism Atle Midttun 2021-12-20 Governance and Business Models for Sustainable Capitalism touches upon many of the central themes of today's debate on business and society. In particular, it brings attention to a recurrent tension between efficiency, innovation, and productivity on the one hand, and fairness, equity, and sustainability on the other. The book argues that we need radical rethinking of business models and economic governance, beyond the classical doctrine, which sees social and ecological responsibility as lying with public-policy regulation of purely profit-seeking firms. In spite of the popular CSR agenda, business - as we know it today - is both too transient and too limited in its motivation to carry the regulatory burden. We need to adopt a much wider concept of 'partnered governance', where advanced states and pioneering companies work together to raise the social and environmental bar. The book suggests that civil engagements based on moral rather than formal rights, and amplified through the media, may provide a healthy challenge both to autocratic planning and to solely profit-centered commercialization. The book also proposes a triple cycle theory of innovation for sustainability: a novel framing of the efficacy of green and prosocial entrepreneurship as intertwined with political visions and supportive institutions. In addition, the book offers reflections on the ways in which further digital robotization may enable transition to an 'Agora Economy' where productive efficiency is combined with expanded civic freedoms. Aimed primarily at researchers, academics, and students in the fields of political economy, business and society, corporate governance, business ethics, corporate social responsibility, and sustainability, the book will additionally be of value to practitioners, supplying them with information regarding the challenges associated with the shaping of sustainable or 'civilised' market capitalism for a better world.

Faithful Place Tana French 2010-07-13 From Tana French, author of the forthcoming novel *The Searcher*, "the most important crime novelist to emerge in the past 10 years" (The Washington Post), the bestseller called "the most stunning of her books" (The New York Times) and a finalist for the Edgar Award. Back in 1985, Frank Mackey was a nineteen-year-old kid with a dream of escaping his family's cramped flat on Faithful Place and running away to London with his girl, Rosie Daly. But on the night they were supposed to leave, Rosie didn't show. Frank took it for granted that she'd dumped him—probably because of his alcoholic father, nutcase mother, and generally dysfunctional family. He never went home again. Neither did Rosie. Then, twenty-two years later, Rosie's suitcase shows up behind a fireplace in a derelict house on Faithful Place, and Frank, now a detective in the Dublin Undercover squad, is going home whether he likes it or not. **GMAT Prep Plus 2021** Kaplan Test Prep 2020-07-07 Always study with the most up-to-date prep! The Cottage on Pumpkin and Vine Kate Angell 2016-08-30 A New England B&B is full of old Halloween traditions and the spirit of new romance in "this wonderful, well-written collection" (Publishers Weekly). There's no better place to celebrate Halloween than Moonbright, Maine, where the crisp night air carries the scent of cider and donuts, and everyone gathers for the annual costume party at the cottage on Pumpkin and Vine. Guests return to the picturesque B & B year after year to snuggle up in its cozy rooms, explore the quiet, tree-lined streets and enjoy all the spooky fun of the holiday. But local legend whispers that it's also a place where wishes have a strange way of coming true. For three unsuspecting revelers, it's going to be an enchanted weekend of candy corn kisses and midnight black kittens, along with some real Halloween surprises—the kind that make your heart skip a beat—for many more celebrations to come . . . "This diverse trio of stories bring three couples to love with a charming, slightly sexy Halloween flair . . . Sassy, funny, and dusted with magic." —Library Journal

That Greece Might Still be Free William St. Clair 2008 When in 1821, the Greeks rose in violent revolution against the rule of the Ottoman Turks, waves of sympathy spread across Western Europe and the United States. More than a thousand volunteers set out to fight for the cause. The Philhellenes, whether they set out to recreate the Athens of Pericles, start a new crusade, or make money out of a war, all felt that Greece had unique claim on the sympathy of the world. As Byron wrote, 'I dreamed that Greece might Still be Free'; and he died at Missolonghi trying to translate that dream into reality. William St Clair's meticulously researched and highly readable account of their aspirations and experiences was hailed as definitive when it was first published. Long out of print, it remains the standard account of the Philhellenic movement and essential reading for any students of the Greek War of Independence, Byron, and European Romanticism. Its relevance to more modern ethnic and religious conflicts is becoming increasingly appreciated by scholars worldwide. This new and revised edition includes a new Introduction by Roderick Beaton, an updated Bibliography and many new illustrations.

skills & knowledge that should be learned with each chapter. CONTENTS: Basic principles, clutches, mechanical transmissions, hydrostatic transmissions, belt & chain drives, differentials, final drives, power take-offs, service & maintenance & troubleshooting.

Duncan Phyfe Peter M. Kenny 2011 "Duncan Phyfe (1770-1854), known during his lifetime as the "United States Rage," to this day remains America's best-known cabinetmaker. Establishing his reputation as a purveyor of luxury by designing high-quality furniture for New York's moneyed elite, Phyfe would come to count among his clients some of the nation's wealthiest and most storied families. This richly illustrated volume covers the full chronological sweep of the craftsman's distinguished career, from his earliest furniture-- which bears the influence of his 18th-century British predecessors Thomas Sheraton and Thomas Hope--to his late simplified designs in the Grecian Plain. More than sixty works by Phyfe and his workshop are highlighted, including rarely seen pieces from private collections and several newly discovered documented works. Additionally, essays by leading scholars bring to light new information on Phyfe's life, his workshop production, and his roster of illustrious patrons. What unfolds is the story of Phyfe's remarkable transformation from a young immigrant craftsman to an accomplished master cabinetmaker and an American icon."--Publisher's website.

Farming Systems in the Tropics Hans Ruthenberg 1976 Some general characteristics of farming in a tropical environment; Shifting cultivation systems; Fallow systems; Ley systems; Systems with permanent upland cultivation; Systems with arable irrigation farming; Systems with perennial crops; Grazing systems; General tendencies in the development of tropical farm systems.

The History of Wake Forest University Samuel Gladding 2016-03-21 Except for the removal of Wake Forest College to Winston-Salem, there has never been a more exciting or impactful time in the history of the institution than during the 22 years of the Hearn administration (1983-2005). In this era, Wake Forest went from a strong regional, Baptist-affiliated university to a top 30 national, independent, institution of higher education. It hosted two presidential debates, won four NCAA team and one individual athletic championships, produced nine Rhodes Scholars, raised over a billion dollars, started a divinity school, invested millions in the renovation of old and the construction of new buildings, increased the number and academic excellence of its faculty, brought in higher quality students, lowered its student/faculty ratio, had groups and individuals within it excel academically, athletically, and altruistically, and became more united. It grew slightly in size physically but more significantly it magnified its influence in the world and produced a bevy of leaders on all levels dedicated to making a positive and humanistic difference. This book traces the events that led to the explosive growth and influence of Wake Forest. At the helm, guiding the university, was Thomas K. Hearn, Jr. He was a visionary and decisive leader whose strong will and high energy propelled the institution. With him, and even sometimes ahead of him, was a supporting cast of faculty, students, administrators and staff who were creative, innovative, but above all concerned with how to live and implement the university's motto: Pro Humanitate. Within these pages you will read how the transformation of Wake Forest occurred. It involved thousands of individuals and is one of the most amazing stories of institutional change ever. Each year in the process is documented with highlights on the people, decisions, and actions, that made the overall conversion possible.

Accelerando Charles Stross 2005-07-05 The Singularity. It is the era of the posthuman. Artificial intelligences have surpassed the limits of human intellect. Biotechnological beings have rendered people all but extinct. Molecular nanotechnology runs rampant, replicating and reprogramming at will. Contact with extraterrestrial life grows more imminent with each new day. Struggling to survive and thrive in this accelerated world are three generations of the Macx clan: Manfred, an entrepreneur dealing in intelligence amplification technology whose mind is divided between his physical environment and the Internet; his daughter, Amber, on the run from her domineering mother, seeking her fortune in the outer system as an indentured astronaut; and Sirhan, Amber's son, who finds his destiny linked to the fate of all of humanity. For something is systematically dismantling the nine planets of the solar system. Something beyond human comprehension. Something that has no use for biological life in any form...

Content Analysis Klaus Krippendorff 2004 The Second Edition of Content Analysis: An Introduction to Its Methodology is a definitive sourcebook of the history and core principles of content analysis as well as an

essential resource for present and future studies. The book introduces readers to ways of analyzing meaningful matter such as texts, images, voices - that is, data whose physical manifestations are secondary to the meanings that a particular population of people brings to them. Organized into three parts, the book examines the conceptual and methodological aspects of content analysis and also traces several paths through content analysis protocols. The author has completely revised and updated the Second Edition, integrating new information on computer-aided text analysis. The book also includes a practical guide that incorporates experiences in teaching and how to advise academic and commercial researchers. In addition, Krippendorff clarifies the epistemology and logic of content analysis as well as the methods for achieving its aims. Intended as a textbook for advanced undergraduate and graduate students across the social sciences, Content Analysis, Second Edition will also be a valuable resource for practitioners in a variety of disciplines.

Slavery and the British Country House Madge Dresser 2013 The British country house has long been regarded as the jewel in the nation's heritage crown. But the country house is also an expression of wealth and power, and as scholars reconsider the nation's colonial past, new questions are being posed about these great houses and their links to Atlantic slavery. This book, authored by a range of academics and heritage professionals, grew out of a 2009 conference on 'Slavery and the British Country house: mapping the current research' organised by English Heritage in partnership with the University of the West of England, the National Trust and the Economic History Society. It asks what links might be established between the wealth derived from slavery and the British country house and what implications such links should have for the way such properties are represented to the public today. Lavishly illustrated and based on the latest scholarship, this wide-ranging and innovative volume provides in-depth examinations of individual houses, regional studies and critical reconsiderations of existing heritage sites, including two studies specially commissioned by English Heritage and one sponsored by the National Trust.

Capital Karl Marx 1990 Records Marx's critical study of capitalism as an economic system and briefly evaluates his handling of the subject

How India Clothed the World 2009-07-31 Drawing on new research on textile trade and production in the regions that depended on the Indian Ocean, the book contributes to a new understanding of the role that Indian cloth played in the making of the modern world economy.

[The Economic History of India Under Early British Rule](#) Romesh Chunder Dutt 2000 First published in 2000. Routledge is an imprint of Taylor & Francis, an informa company.

Hatchet Gary Paulsen 2017-10-03 Celebrate the thirtieth anniversary of the Newbery Honor-winning survival novel Hatchet with a pocket-sized edition perfect for travelers to take along on their own adventures. This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. Hatchet has also been nominated as one of America's best-loved novels by PBS's The Great American Read. Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his mother's infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.

Proofreading, Revising & Editing Skills Success in 20 Minutes a Day Brady Smith 2003 This comprehensive guide will prepare candidates for the test in all 50 states. It includes four complete practice exams, a real estate refresher course and complete math review, as well as a real estate terms glossary with over 900 terms, and expert test-prep tips.

Out Of Control Kevin Kelly 2009-04-30 Out of Control chronicles the dawn of a new era in which the machines and systems that drive our economy are so complex and autonomous as to be indistinguishable from living things.

Inherent Vice Thomas Pynchon 2012-06-13 Part noir, part psychedelic romp, all Thomas Pynchon—Private eye Doc Sportello surfaces, occasionally, out of a marijuana haze to watch the end of an era In this lively yarn, Thomas Pynchon, working in an unaccustomed genre that is at once exciting and accessible, provides a classic illustration of the principle that if you can remember the sixties, you weren't there. It's been a while since Doc Sportello has seen his ex- girlfriend. Suddenly she shows up with a story about a plot to kidnap a billionaire land developer whom she just happens to be in love with. It's the tail end of the psychedelic sixties in L.A., and Doc knows that "love" is another of those words going around at the moment, like "trip" or "groovy," except that this one usually leads to trouble. Undeniably one of the most influential writers at work today, Pynchon has penned another unforgettable book.

The Bureaucracy of Beauty Arindam Dutta 2007 Publisher description

Midnight Crossroad Charlaine Harris 2015-03-31 Take a trip to the small Texas town where only outsiders fit in with the first novel in #1 New York Times bestselling author Charlaine Harris' paranormal mystery series. Welcome to Midnight, Texas, a town with many boarded-up windows and few full-time inhabitants, located at the crossing of Witch Light Road and the Davy highway. It's a pretty standard dried-up western town. There's a pawnshop with three residents. One is seen only at night. There's a diner, but people stopping there tend not to linger. There's a newcomer, Manfred Bernardo, who just wants to work hard and blend in. But Manfred has secrets of his own...

In Five Years Rebecca Serle 2021-03-02 Book Club Favorites Reader's Guide on unnumbered pages.

The Making of the English Working Class E. P. Thompson 2016-03-15 A history of the common people and the Industrial Revolution: "A true masterpiece" and one of the Modern Library's 100 Best Nonfiction Books of the twentieth century (Tribune). During the formative years of the Industrial Revolution, English workers and artisans claimed a place in society that would shape the following centuries. But the capitalist elite did not form the working class—the workers shaped their own creations, developing a shared identity in the process. Despite their lack of power and the indignity forced upon them by the upper classes, the working class emerged as England's greatest cultural and political force. Crucial to contemporary trends in all aspects of society, at the turn of the nineteenth century, these workers united into the class that we recognize all across the Western world today. E. P. Thompson's magnum opus, *The Making of the English Working Class* defined early twentieth-century English social and economic history, leading many to consider him Britain's greatest postwar historian. Its publication in 1963 was highly controversial in academia, but the work has become a seminal text on the history of the working class. It remains incredibly relevant to the social and economic issues of current times, with the Guardian saying upon the book's fiftieth anniversary that it "continues to delight and inspire new readers."

The New One Minute Manager Kenneth H. Blanchard 2015 With a new foreword by Ken Blanchard The original, bestselling blockbuster which has transformed businesses world wide. The blockbuster number one international bestselling phenomenon is back ... not that it ever really went away. This easily-read story quickly demonstrates three very practical management techniques: One Minute Goals, One Minute Praisings and One Minute Reprimands. The One Minute Manager also includes information on several studies in medicine and in the behavioural sciences, which help readers understand why these apparently simple methods work so well with so many people. The book is brief, the language is simple, and best of all ... it works.

Twenty-First Century Populism D. Albertazzi 2007-12-14 *Twenty-First Century Populism* analyses the phenomenon of sustained populist growth in Western Europe by looking at the conditions facilitating populism in specific national contexts and then examining populist fortunes in those countries. The chapters are written by country experts and political scientists from across the continent.

New York Magazine 1987-09-07 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.
